

COUNTPRO 1400 CURRENCY COUNTER

ADVANCED BANK GRADE CURRENCY COUNTER

The CountPro 1400 “Bank Grade” currency counter includes twin magnetic ink (MG) sensors to screen all US currency. Additionally, the CountPro 1400 utilizes new Ultraviolet (UV) technology for ultra-accurate detection of suspect currency. Suspect notes stop the count for operator visual and physical inspection.

DESIGNED FOR NEW AND OLD CURRENCY NOTES

Friction feed technology isn't new, but we've taken it to the next level. The CountPro 1400 incorporates a unique friction feed roller design to work perfectly with new and old notes alike. The four roller feed intake and an operator adjustable four roller stripper mechanism are designed to provide years of trouble-free service. With the combination of advanced roller technology and software for full error detection of Double, Chain, Half-Note, & Jams, you're assured of fast (1400 notes per minute), accurate counting of your currency!
