CHECK ENDORSEMENT & IMAGING SOLUTION

CheckScan Pro

THE NEXT GENERATION OF CHECK ENDORSING

The CheckScanPro Endorsement system is a fully automatic, high speed, check endorsement and check imaging solution with archival research capability. Read, store, and research the MICR information line. Image, endorse and archive in one click. Research previous checks by account number and date.

CheckScanPro is so easy to use that training time takes less than one hour. Our system can be installed and working within the day.

New technology for an old standard.
Don't work harder, work smarter.
