

YOUR CASINO IS CHANGING. ISN'T IT TIME TO UPDATE YOUR TECHNOLOGY?

eWizPro allows you to electronically manage your pit fills/credits and slot jackpots. What used to be a painstaking manual process now takes seconds to process. Take the guesswork out of audits with accurate and secure organization of your information.

The eWizPro is so easy to use that training time takes less than one hour. Our system can be installed and working within the day.

New technology for an old standard.
Don't work harder, work smarter.

ELECTRONIC FILL/CREDIT & SLOT JACKPOTS

FEATURES

- Simple touch screen interface
- No preprinted forms
- Secure printer with paper audit trail
- Electronic audit trail and reporting
- Prevent mistakes before they even happen
- Processes slot jackpots, fills and credits

BENEFITS

- Low cost of ownership
- Update the formatting of your forms in seconds
- Immediate access to daily reports and totals per cashier
- No handwritten entries
- Export data to other systems

WHAT THEY'RE SAYING...

"Your tools have helped me identify what questions to ask to personnel. Also, reports are very handy when communicating with my management team. They eliminate the room for confusion and misunderstandings that used to occur during the audit stage."

Jo Johnson
Casino Director, The Bellagio

DEALER B1

Need more chips.

PIT BOSS

Fill for Blackjack 1.

CAGE/CASHIER

I'll enter the information into eWizPro.

7/2/2011 Testing 10:50 AM
